

# Annunciation Catholic Kindergarten

## K2 Group Activity

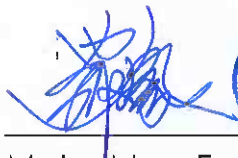

Date: 22/10/2020

Dear Parents/Guardians,

In the process of growth, every child may encounter many difficulties. With appropriate support and cooperation between the school and parents, we believe that children can overcome their learning difficulties. In view of this, we will start the "group activities" (K2 group). The activities will focus on storytelling, language play, concentration play and cooperative play to enhance children's communication with others and to improve their language expression, concentration and social skills.

K2 group activities are tentatively scheduled to be held every Tuesday from 12:10 PM to 1:10 PM in the classroom on the first floor of our school. However, due to the impact Covid-19, we have not been able to carry out activities with young children at the above time. Therefore, activities will be held with children during their free play time at school. When the epidemic situation permits, we will arrange the group activity date. Parents will be informed through school apps by then. Please take note of it. Parents and schools will work together to help children overcome learning difficulties, so that they can grow up healthily and happily. Please reply by SMS on or before October 29 (Thursday) to arrange the relevant matters. If you have any enquiries, please contact Ms. Hong at 2490 7893, Tuesday to Thursday. God bless!

Best regards,

Ms Lo Man Fung

Principal
