2020-2021 Support Children at Home Learning Notice

Date: 2/06/2021

Dears Parents/Guardians:

Due to the impact of "COVID-19," kindergartens had to temporarily suspend face-to-face classes at the early stage of the pandemic. During this period, the school held online activities and distributed educational videos to help children learn at home, so as to achieve the goal of "Suspending Classes without Suspending Learning." Furthermore, on 23rd December, 2020, the Education Bureau announced to all kindergartens joining the Kindergarten Education Scheme in Hong Kong about schemes to support children's at-home learning, namely the "Gift Book Scheme" and "Do It Yourself (DIY) Handicraft and Home Learning Package Scheme." The School completed the selection and procurement arrangements for the relevant materials last month. Now, we are ready to distribute the following learning materials on the following dates:

1. Gift Book Scheme:

The objective is to encourage parents to make good use of resources and do more parent-child reading at home during the pandemic to cultivate children's reading interest and improve parent-child relationship. After reading the two assigned books, parents can help children complete the "Parent-child Reading Passport." The books do not need to return to school, but we encourage children to exchange books with family and friends when it is safe to do so, so they can read books covering different topics.
